## The Gulf Technical Council holds the meeting (52) the with the participation of the heads of the GCC standardization bodies

The Kingdom of Saudi Arabia hosted the meeting of the Technical Council of the 52nd Gulf Cooperation Council Standardization Organization, with the participation of the heads of the standardization bodies of the Member States. The delegation of the Kingdom was headed by the Governor of the Saudi Standards, Metrology and Quality Organization, Dr. Saad bin Othman Al-Qasabi.

## "Letabka" advises cleaning the air filter of the air conditioners once every two weeks

The National Energy Saving Campaign (Letabka) advised cleaning the air filter of the air conditioners once every two weeks, on a regular basis.

## "Letabka": Choosing the "green level" in the air conditioners contributes to saving energy consumption

The Saudi Energy Efficiency Center recommended citizens and residents check the "energy efficiency label" before purchasing air conditioners, and understand their meanings and implications, as they contain information useful to the consumer, which helps make the decision to buy the appropriate device, and also recommended choosing the green level in the "energy efficiency label" as it is the most energy-efficient.
